COVID-19 UPDATE

The Skidegate Emergency Operations Centre (EOC) has been in contact with a part-time resident of Sandspit and the EOC has confirmed that the individual has been exposed to a person who tested positive with COVID-19.

We are also aware that the individual may have been in contact with Skidegate Band members and the public. The EOC asks all members to refrain from going to Sandspit except to supply essential services. If you have been in Sandspit within the last week the EOC recommends that you self-isolate for 14-days.

We also remind Skidegate members to remain at home, practise physical distancing from anyone that is not in your household, and respect the guidelines – keep safe.
