Friday July 17- 2020

### **Effective Immediately**

At this time Old Massett Emergency Operations team after great consideration, with support from Old Massett Village Council, and the Haida Health Center will be implementing some safety measures.

Aside from all other recommendations, we are setting forward a curfew to assist with the safety of the community.

The Old Massett Village Council recommends that the EOC enacts a curfew for Old Massett Village and Tlaga Gaw Tlaas, as a preventative spread of Covid-19, from 930pm -6 am each day, to be reviewed bi- weekly.

Thank you for your cooperation at this time.
