## **PUBLIC NOTICE**

It has come to our attention that an elder has come into close contact with someone who has tested positive for COVID-19. This has mobilized and enhanced the need for all residents to have a care plan for those who are 60+ in your clan and family.

We are urging the community to take this virus seriously and we must remember to keep our elders safe and help them to adapt to our new normal of staying within our own bubbles.

We must remind each other that visiting is NOT recommended at this time. This is not the time to party; this is not the time to be irresponsible. Please refrain from contacting anyone outside of your bubble. If you are ever in a public space, remember to socially distance and wear a mask at all times.

If you are an elder or resident who needs services, support or guidance for how to navigate these uncertain times, please call our emergency line at **250-626-7293**. We would like to remind everyone that at this time, our emergency line is only answered between 8:30AM to 5PM but is monitored 24/7. We will get back to calls made after hours as soon as possible

We ask that everyone please try to spread the word to those who are not online. To those who have tested positive and to their families, our thoughts are with you and we are here for you as well. Please don't hesitate to reach out. We wish you a speedy recovery. We are able to add those who have tested positive or are in isolation to our food distribution lists in a way that ensures absolute confidentiality.

**We will get through this, but we must do it together.**
